

## ***Middle School Art Teacher (2022-23)***

Canterbury School is part of a long Episcopal school tradition of strong academics, an inquiry-based approach to learning, and a diverse environment. We give a central place to both the life of reason and the life of faith, and we believe that the ultimate purpose of education is to prepare students to become contributors to and leaders in an ever-changing world. Our preschool-8th grade structure concentrates on the learning needs and development of young children and middle school adolescents, without the added complexities of the high school experience. Since our founding in 1993, we have stressed that the most complete education develops the whole child: mind, body, and spirit.

Canterbury maintains a staff of approximately 70 employees, and its teaching faculty are a healthy mix of veteran, mid- and early-career educators who enjoy small class sizes where every child is known, cared for, and loved. Students of color comprise about 20 percent of our student body of 325. Our school is situated on a beautiful 35-acre campus with a natural area, ropes course, and pond – and also a well-equipped science center. From chess to outdoor exploration, faculty are encouraged to share their passions, and students and teachers participate together in service learning, as well. Canterbury Cougars are active in Greensboro, and we're told that our students are some of the most polite in town – but they're also still kids who love to have fun in a community that challenges their minds and nourishes their spirits.

Greensboro, NC is the birthplace of the Sit-In Movement, a progressive community full of religious and ethnic diversity. It offers outstanding universities, wonderful restaurants, beautiful parks and trails, minor league baseball and basketball teams, and a new 3,000-seat performing arts center.
